We take care of you. Our professional support is delivered by technical experts and brings effectiveness, security and a peace of mind into your organization.

[GeoCat](#) and [Boundless](#) ensure your team will succeed in using [OpenGeo Suite](#) to meet mission critical requirements, even when timelines are short, the learning curve is steep, budgets are tight, or unexpected circumstances arise. Our customers gain access to our expert team of influential leaders and core contributors across the open source projects included in OpenGeo Suite.

GeoCat offers four OpenGeo Suite Support Packages: Plus, Professional, Platform and Strategic.
